Here's what Satisfied Customers have been saying
for over a century —

“W

hile we have subscribed to other directory services,
your product is far superior in accuracy, readability
and completeness.”

Karla Anderson, Co-owner
RRCA Accounts Management, Inc.
Sterling, IL

“We purchase a copy of the Polk City Directory every
year because it helps our office function effectively. I use
it at least weekly to find information about community
leaders, members or visitors. The occupation and name
of spouse data has proven to be very beneficial.”

Pastor James W. White, Jr.
St. Giles Presbyterian Church
Raleigh, NC

“When developing databases for use with our target-
ed direct mail projects, we find that the Polk City
Directory is far more comprehensive than any other
source. We find it particularly useful to know the
number of employees each business has — since many
of our products are primarily useful to businesses of
certain size ranges.”

Wes Stant, President
The Stant Agency, Inc.
Crestview, FL

“The Polk City Directory has been a big help to
our business. We use it to apply information to
contracts which are incomplete, to locate people
and for cross-referencing purposes.”

John Mellor, Vice President
Tesco Lighting and Design
Fairbanks, AK

“The Polk City Directory has provided invaluable ser-
vice to the city fire department for years. For example,
in preparation of our data bank for the Emergency
911 System, the book was *the correcting guide* for
street and house number information.”

Denny W. Kelly, Fire Chief
Fredericksburg Fire Department
Fredericksburg, VA

R. L. POLK'S

125TH ANNIVERSARY

then

When collecting information door to door in the early days, enumerators carried a copy of the previous City Directory and a bottle of ink, suspended from their belts, with which to write in changes.

NOW

Enumerators collecting information may be carrying a high-tech, hand held computer which the enumerator automatically updates the information on. This process enables us to provide you with the freshest, most accurate information possible.

then

The entire City Directory sales force consisted of six people who traveled by train at a maximum speed of 40 m.p.h. to conduct sales campaigns across the states.

NOW

In order to give more personalized service, City Directory sales representatives now number 600 strong and are present from coast to coast conducting their campaigns.

then

Directories included such specific information as: town elections, the number of public schools in the area and their expenses and listings of new buildings in town. The content of these early directories set the pattern for later directories.

NOW

As the needs of our customers changed, the information and the format of the directory has also changed. There are now four complete informational sections which comprise the most reliable, detailed information source necessary to save time and to make money.

then

The key advertisers in 1870 were: dealers of furs and deer skins, straw goods, carriage and sleigh robes as well as livery stables.

NOW

Advertisers now include those representing every sector of business. And that's because smart business executives — like yourself, know: to advertise and be seen in the Polk City Directory means to increase your business!

CITY DIRECTORY HELPFUL HINTS

 Did you unfold each of your tabbed section dividers? Read them over to learn how you can use your City Directory to make and save money!

 Did you know if you call a residence with no answer, you can flip to the Alphabetical section (white pages) to find out their place of employment to contact them at work?

 Did you know that the Alphabetical section (white pages) contains spouse, homeownership, occupation and employee information?

 If you're interested in targeting a neighbor of one of your outstanding customers, you can look to the Street Guide (green pages) to identify those neighbors and offer your services.

POLK ADVERTISING PAYS DIVIDENDS

The determination of the need for legal services and the choice of a lawyer are extremely important decisions and should not be based solely upon advertisements or self-proclaimed expertise. This disclosure is required by rule of the Supreme Court of Iowa.

A description or indication of limitation of practice does not mean that any agency or board has certified such lawyer as a specialist or expert in an indicated field of law practice, nor does it mean that such lawyer is necessarily any more expert or competent than any other lawyer. All potential clients are urged to make their own independent investigation and evaluation of any lawyer being considered. This notice is required by rule of the Supreme Court of Iowa.

The determination of the need for legal services and the choice of a lawyer are extremely important decisions and should not be based solely upon advertisements or self-proclaimed expertise. This disclosure is required by rule of the Supreme Court of Iowa.

A description or indication of limitation of practice does not mean that any agency or board has certified such lawyer as a specialist or expert in an indicated field of law practice, nor does it mean that such lawyer is necessarily any more expert or competent than any other lawyer. All potential clients are urged to make their own independent investigation and evaluation of any lawyer being considered. This notice is required by rule of the Supreme Court of Iowa.

*Here's what Satisfied Customers have been saying
for over a century —*

“While we have subscribed to other directory services, your product is far superior in accuracy, readability and completeness.”

Karla Anderson, Co-owner
RRCA Accounts Management, Inc.
Sterling, IL

“We purchase a copy of the Polk City Directory every year because it helps our office function effectively. I use it at least weekly to find information about community leaders, members or visitors. The occupation and name of spouse data has proven to be very beneficial.”

Pastor James W. White, Jr.
St. Giles Presbyterian Church
Raleigh, NC

“When developing databases for use with our targeted direct mail projects, we find that the Polk City Directory is far more comprehensive than any other source. We find it particularly useful to know the number of employees each business has — since many of our products are primarily useful to businesses of certain size ranges.”

Wes Stant, President
The Stant Agency, Inc.
Crestview, FL

“The Polk City Directory has been a big help to our business. We use it to apply information to contracts which are incomplete, to locate people and for cross-referencing purposes.”

John Mellor, Vice President
Tesco Lighting and Design
Fairbanks, AK

“The Polk City Directory has provided invaluable service to the city fire department for years. For example, in preparation of our data bank for the Emergency 911 System, the book was *the correcting guide* for street and house number information.”

Denny W. Kelly, Fire Chief
Fredericksburg Fire Department
Fredericksburg, VA

125TH ANNIVERSARY

then

When collecting information door to door in the early days, enumerators carried a copy of the previous City Directory and a bottle of ink, suspended from their belts, with which to write in changes.

NOW

Enumerators collecting information may be carrying a high-tech, hand held computer which the enumerator automatically updates the information on. This process enables us to provide you with the freshest, most accurate information possible.

then

The entire City Directory sales force consisted of six people who traveled by train at a maximum speed of 40 m.p.h. to conduct sales campaigns across the states.

NOW

In order to give more personalized service, City Directory sales representatives now number 600 strong and are present from coast to coast conducting their campaigns.

then

Directories included such specific information as: town elections, the number of public schools in the area and their expenses and listings of new buildings in town. The content of these early directories set the pattern for later directories.

NOW

As the needs of our customers changed, the information and the format of the directory has also changed. There are now four complete informational sections which comprise the most reliable, detailed information source necessary to save time and to make money.

then

The key advertisers in 1870 were: dealers of furs and deer skins, straw goods, carriage and sleigh robes as well as livery stables.

NOW

Advertisers now include those representing every sector of business. And that's because smart business executives — like yourself, know: to advertise and be seen in the Polk City Directory means to increase your business!

WHEN THIS DIRECTORY ENABLES YOU TO...

Make a sale,

or
